of Healthcare Volunteers

MAHV-elous Awards for Outstanding Volunteers, 2023

District D

MHealth Fairview Lakes Medical Center (Wyoming)

Dot Kirchmann has been steadfast in her leadership for the Fairview Lakes Volunteer organization. As president, she helped shepherd the organization through the worst of the pandemic, maintaining communication with members and the hospital. She has continued to provide leadership and support for the scholarship program, which awarded 40 \$1,000 scholarship this spring (2023). Through her efforts, scholarship descriptions, applications and the judging process were streamlined to promote online access and allow judges to review applicants and submit scores remotely. She has maintained communication with key external scholarship sponsors and encouraged the volunteer organization board to keep scholarships as a centerpiece of their program and fundraising efforts. JUNE 2023

All MAHV-elous Award recipients receive a certificate of appreciation from MAHV and an Outstanding Volunteer lapel pin.
